Dear Governor,

Greetings with peace and prosperity!

This is in reference to the updated Avian Influenza Status of our country and the existing Executive Order No. 0016, Series of 2023.

As of March 2023, the provinces with confirmed cases of Avian Influenza and have not yet recovered their Ai-Free Status are provinces of Bulacan, Pampanga, Nueva Ecija, Tarlac, Laguna, Sultan Kudarat, Benguet, North Cotabato, Maguindanao, Isabela, Pangasinan, Kalinga, Aurora, Ilocos Norte, Ilocos Sur, Capiz, Batangas and Cagayan.

Upon reviewing our existing and in effect Executive Order No. 0016, Series of 2023 there is a need also to regulate the entry of table eggs, salted eggs, embryonated eggs (balut) and broiler into the province. Since eggs, egg trays and poultry meat can be a source of Avian Influenza virus that can be transmitted both poultry birds and human through direct contact.

In view of the foregoing, may we respectfully recommend for the amending of *Executive Order No. 0016 Series of 2023, Letters A for broiler and C under table eggs*, to include **Certificate of Acceptance** as one of the requirements for the entry into the Province of Pangasinan.

Furthermore, as of this date, Pangasinan has maintained its status of no active and confirmed case of Avian Influenza.

Also, attached hereto Avian Influenza Status Update from Bureau of Animal Industry.

For your reference and approval.

Thank you and God Bless.

Respectfully yours,

DR. ARCELY G. ROBENIOL
Officer-in-Charge – Provincial Veterinary Office
